# HELLO & WELCOME

*Founder and Director*

**Founded in 2011 by Dan Smith, Grand Design Kitchen and Bedrooms is proud to be one of the area's leading manufacturers of kitchen and bedroom furniture.**

Within our showroom, based in Grimsby you will find a wide range of doors, kitchen appliances, handles, worktops, lighting and flooring to suit all tastes.

Our kitchen and bedroom doors are made to measure in our 6000 sq. ft. manufacturing facility on Adam Smith Street in Grimsby. We can hand spray in any colour, so you can create your own bespoke design, match an existing colour or simply choose from our wide range of colours and finishes.

Our team consists of expert craftsmen, tradesmen and designers with many years of experience, so you can be sure of the highest quality design, product, service and finish. We can provide project management services for all aspects of construction, architectural design, extensions and new builds with both fully fitted kitchens and supply only services.

Our design service uses state of the art, computer-aided images to help you get a real feel for your new space.

Contact us today for your free design and quote and take the next steps towards your dream kitchen or bedroom.

**DANIEL SMITH**

*Managing Director*

Our cabinets are manufactured by state-of-the-art machinery on site at our Grimsby based factory. Available in over 150 colours, our cabinetry is of the highest quality, including 18mm solid backs. Our doors feature award winning soft close hinges and runners. We can manufacture to bespoke sizes to ensure the cabinets fit the opening exactly to the aperture.

# FROM DESIGN TO INSTALL

## CAD

We use industry leading computer aided design software ARTICAD to create high quality images that help you envisage your new space. You can work alongside our designers to help design your dream kitchen or bedroom down to colour schemes, door styles and even handles. Book a visit to our showroom today and take advantage of our free quote and CAD service.

## DESIGN

Unlike other kitchen and bedroom suppliers, we manufacture our own designs, here in the heart of Grimsby. We are a local company, employing local people to ensure we bring you the highest quality product and service. Our carcasses are manufactured on site to an exacting standard, with robust 18mm sides and backs (no flimsy back panels here) and handcrafted mortis and tenon joints.

## MANUFACTURE

We are constantly investing in our manufacturing process to make sure we continue to create the highest quality product.

With the newest machinery and our expert team we make kitchens and bedroom furniture built to last.

## CRAFTSMEN

We employ a team of highly skilled craftsmen both in our manufacturing unit and on-site to ensure your product is both made and fitted to our exacting standards. Our furniture and accessories are handmade to meet your bespoke requirements from mantles, trays, chopping boards and legs.

## PROJECT MANAGEMENT

To ensure your service is as seamless as possible we can offer a full project management service. We will organise and oversee all aspects of your remodel from building, plumbing, electrical, fitting, flooring and decoration.

Our experienced team can advise on interior design including colour schemes, textures, finishes and on elements such as space saving storage and how to maximise the area you have.

## SUPPLY

In addition to our domestic services we can also work with you or your client on a supply only basis. We will conduct an initial site visit and consultation where one of the team will measure up. Once ordered, we will create a site visit survey to check measurements and confirm your choices. We will then visit during fit and post fit to do a sign-off with you. Contact a member of the team today to book a free, no obligation design quote.

# STEP INTO VIRTUAL REALITY

**Our state of the art CAD (computer aided design) software is used to create a high definition preview of your new space.**

Once you're happy with the layout you can work with our team to change door types, colours, appliances and even small details like the handles until you've created your new dream kitchen or bedroom.

Why not take advantage of our free design and quote service and see your ideas come to life.

We have a huge range of finishes from super matt to high gloss, hundreds of different wood effects and textures which can be used to customise your design. Samples of which can be viewed at our showroom, just ask a member of the team when you visit.

**Our wide range of door styles can be viewed in our showroom.**

Some styles can even be customised to meet your needs and taste. With painted, gloss or wood finishes, all our kitchens are truly unique to each of our customers.

# KITCHEN

**We manufacture the highest quality, handmade, bespoke kitchens in an array of styles and finishes.**

Our kitchen installation team are highly trained, friendly and professional. We have a wide range of door styles, kitchen appliances, handles, worktops, lighting and flooring to create your perfect kitchen.

Why not head to our website and take inspiration from our vast array of styles, colours and finishes.

# BEDROOM & HOME OFFICE

**With countless options, hundreds of finishes and clever space saving solutions, we can help you create the perfect space for your bedroom or office space.**

Our furniture is built with solid backs, soft close mechanisms and award winning Hettich hinges and runners. All of which create high quality, robust furniture built to last for years to come.

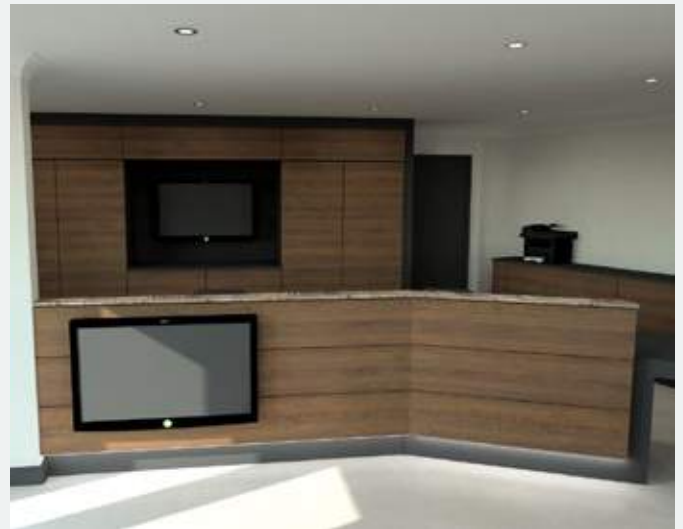

We specialise in building cabinets for those awkward spaces; such as angled ceilings in loft spaces.

# COMMERCIAL

**As well as our domestic portfolio we also undertake commercial projects.**

Our portfolio, spanning over 9 years, includes a local bar, a commercial kitchen for a building firm, a fitted office kitchen and a reception area and offices at a local motor company.

# HANDLES & STORAGE

Endless options of internal bins, internal storage solutions and personal touches available

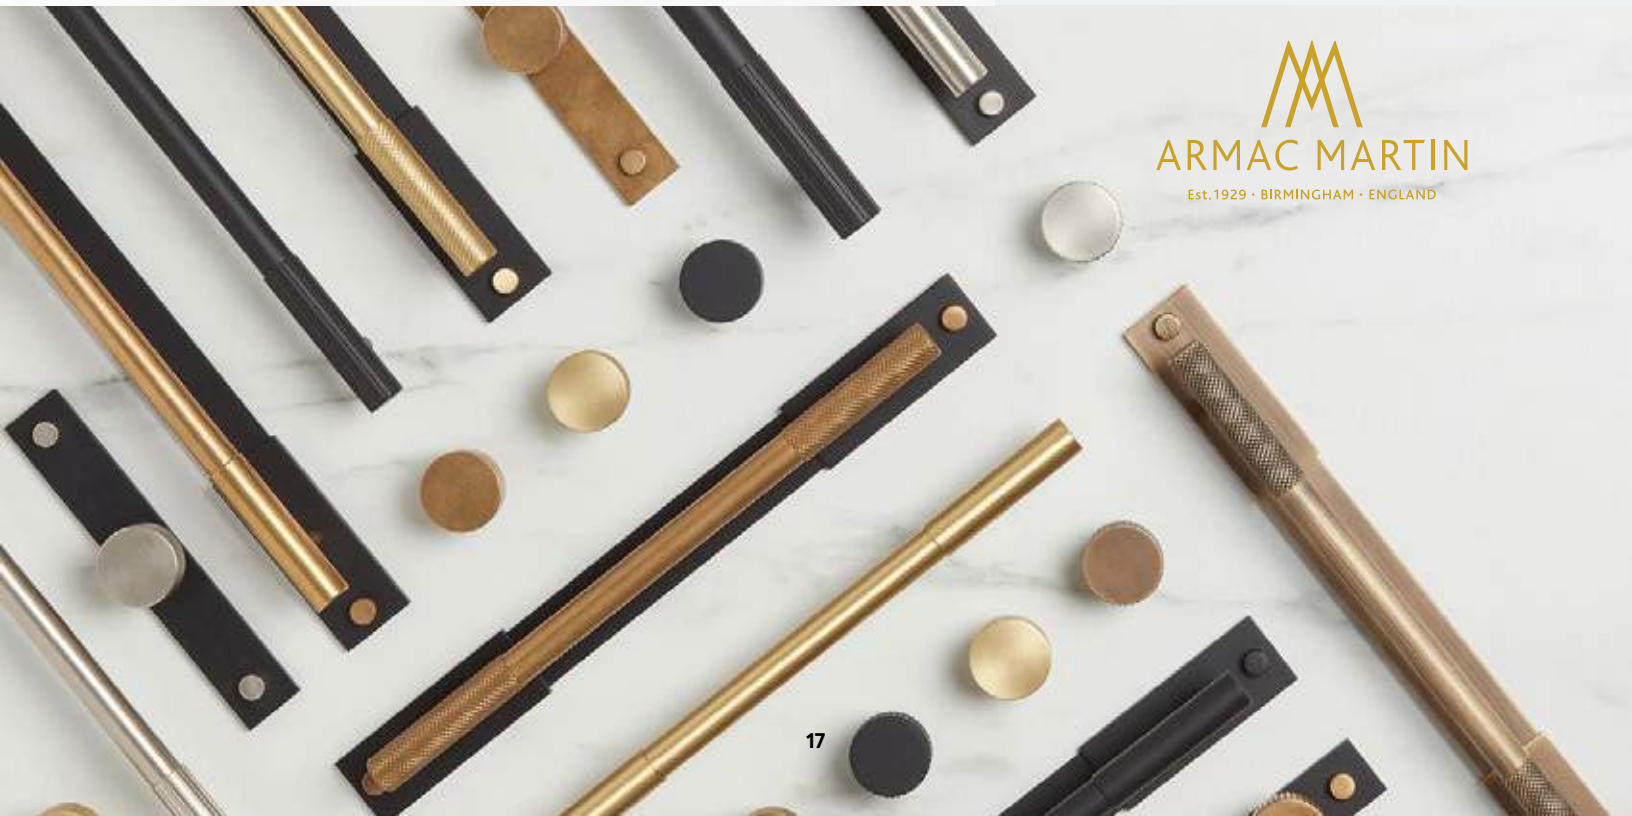

# FINISHING TOUCHES

**The devil is in the detail. Make your space truly special and create that 'wow' factor with beautiful finishes that make your room truly bespoke.**

Tailor your space to suit you and your family's needs. From clever storage solutions to beautifully crafted finishing touches, our showroom has a vast array of details for you to try out and get a feel for.

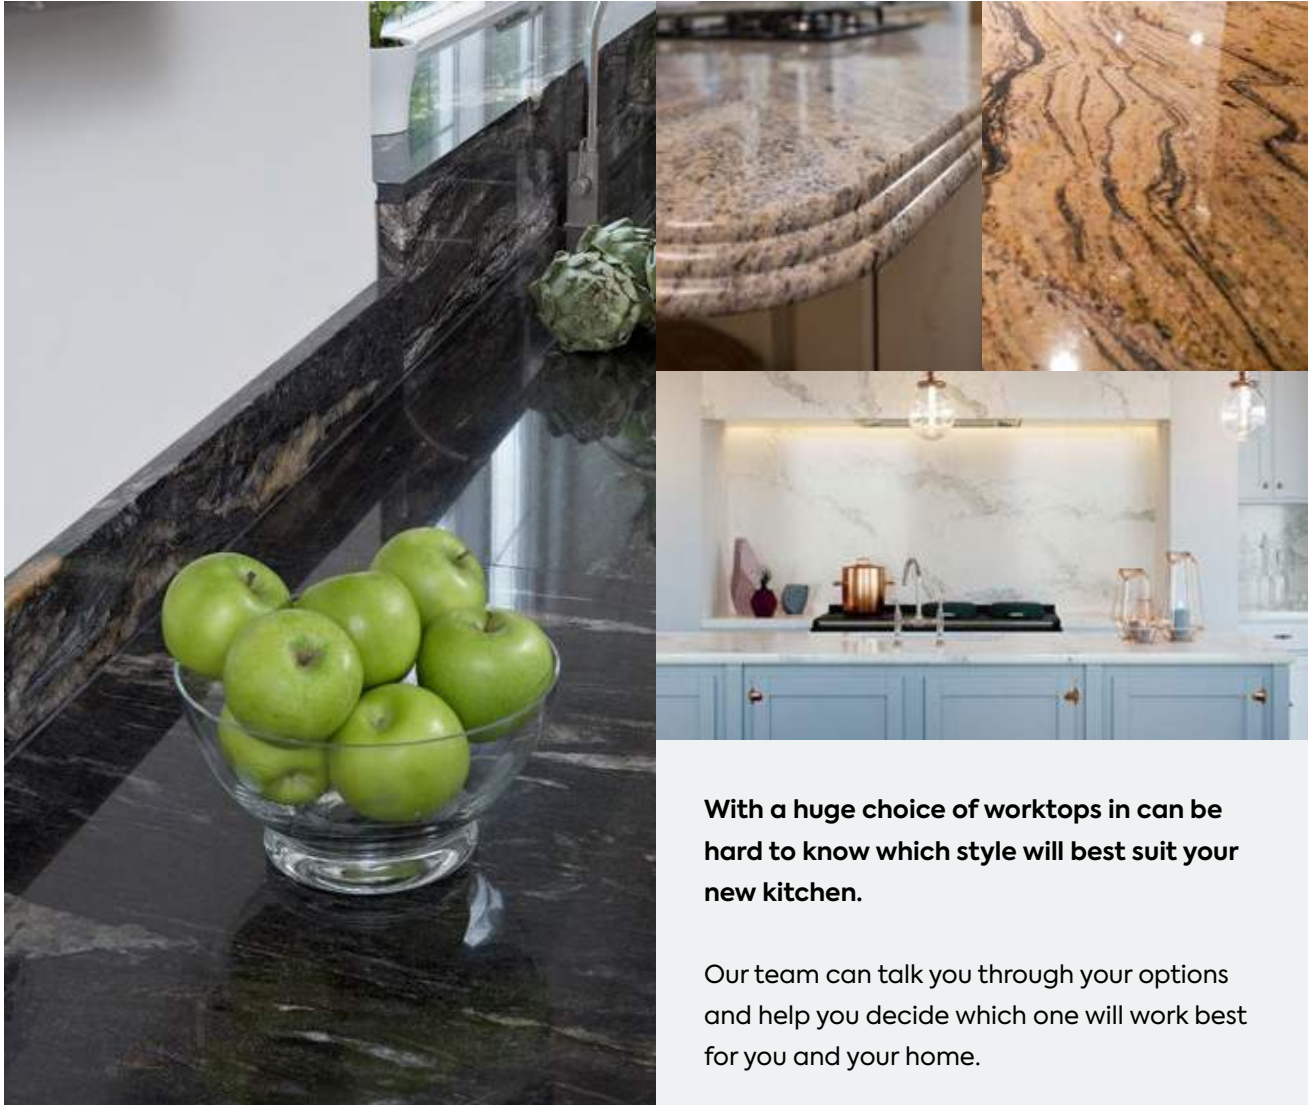

Amongst our stunning collection of finishing touches you'll find prestigious brands such as Armac Martin. A luxury brass hardware company, dedicated to creating high quality brass fixtures and fittings for over 90 years.

# WORKTOPS

**With a huge choice of worktops in can be hard to know which style will best suit your new kitchen.**

Our team can talk you through your options and help you decide which one will work best for you and your home.

## QUARTZ & GRANITE

**Quartz and Granite remain one of the most popular choices for worktops - offering such a huge range of colours, textures and edge detailing, it's hard to go wrong!**

Hardwearing, stain resistant and perfect for high traffic areas, it gives a high-end finish to any space.

## LAMINATE

In the last decade Laminate surfaces have come a long way. Now available in multiple thicknesses ranging from 50mm to 12mm they are more durable than ever. A great choice if you are sticking to a budget but still want a wide variety of finishes to choose from.

Colmar Oak 40mm Laminated

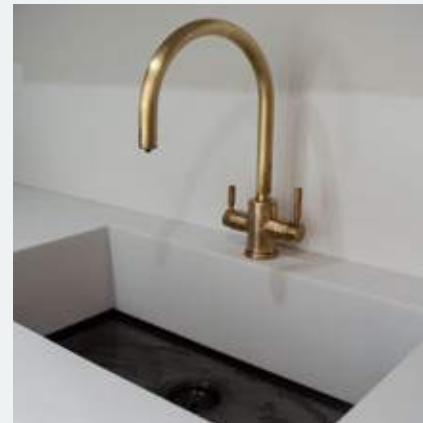

American Walnut 40mm

## TIMBER

Wooden worktops are a great choice for those who prefer a more rustic style. As they are a natural product they come in a huge variety of colours. Timber worktops beautifully compliment belfast sinks and other traditional features, and are easy to repair in case of any accidents.

## ACRYLIC

Acrylic worktops are super versatile allowing unique options like seamlessly moulded sinks and upstands. Acrylic worktops look great with the 'True Handleless' look - creating clean lines and contrasting colours. They are also easy to care for and repair.

Soakling White 25mm

Trillium 12mm

## DEKTON

Dekton is still fairly new to the kitchen industry, but it is becoming increasingly popular due to its 'Indestructible' abilities. This is the only surface that can withstand the heat of a pan or tray straight from the hob or oven, and is virtually impossible to scratch. It comes in multiple thicknesses and textures, and looks great for more industrial style spaces.

# LUXURY FLOORING

Luxury vinyl click flooring is an excellent choice for high-traffic areas offering durability, warmth and water resistance making it ideal for kitchen flooring. The quick to lay locking mechanism allows you to lay the floor over the top of underlay and underfloor heating without the need of adhesives. This easy to clean, low maintenance floor is available in a great range of styles including wood, stone and tile effect.

Here is a small selection of some of the ranges we can supply and fit.

# BEFORE & AFTER

Hand sprayed in Farrow & Ball  
Ammonite (top) and Railings (bottom).

## KITCHEN

We co-ordinated and project managed this project from design, to survey and install. Starting with rip-out, plastering and lighting we then installed vinyl click flooring in Light Icaria oak, shaker doors, quartz worksurfaces and appliances.

## COX BEDROOM

After rip-out we installed floor-to-ceiling cabinets with shaker doors in Farrow & Ball Lamp Room Gray.

## HUMBERSTONE AVENUE KITCHEN

This project included super matt slab doors in anthracite with a white gloss slab on the centre island and granite worktops in Black Beauty. We installed 2.6m high floor to ceiling cabinets each with a push-to-open mechanism.

A modern kitchen with a central island featuring a white countertop and a black induction cooktop. The island is surrounded by two wooden-topped bar stools with black metal frames. The kitchen has dark grey or black cabinetry and a white countertop. A window with a black frame is visible on the right wall, showing a view of a wooden fence and greenery outside. A black range hood is mounted above the island. The ceiling is white with a black pendant light hanging from it.

“

Thank you so much  
for a first class job;  
nothing has been too  
much trouble. Our long-  
awaited kitchen is truly  
everything we wanted
